

MEDIA ALERT

(OMAHA, Neb.) – The Metropolitan Entertainment & Convention Authority (MECA) has just learned that parking Lots E, G, and H will now be available fans for the first week of the 2015 NCAA[®] Men’s College World Series[®] (CWS[®]).

It was initially announced that the lots would be unavailable due to construction expected to begin on a new hotel development at the corner of 10th and Capitol.

Shamrock Development has decided to delay the construction in order to provide fans more parking options and has asked MECA to operate the lots for the first week of the CWS[®]. “Time is of the essence for our development but we feel keeping the lots open for an extra week is in the best interest of Omaha and the College World Series experience,” said a spokesman for the project.

Parking Lots E, G, and H will be available for fan parking beginning Friday, June 12th at 4 p.m. and on game days through Sunday, June 21st. Construction on the Capitol District project will begin on Monday, June 22nd.

Parking Lots A and the CenturyLink Center Omaha parking garage will be open for the entire run of the CWS[®]. Garage parking will be \$15 per vehicle during the CWS[®]. Parking in Lots A, E, G, and H will be \$10. Cash payment and the following credit cards are now accepted: Visa, MasterCard, Discover, and American Express.
